# 25<sup>TH</sup> WEDDING ANNIVERSARY

**GERRY**

*Being faithful is not  
never losing one's way,  
never fighting,  
never failing.*

*It is always getting up and going on again.  
It is wanting to follow to the end of the route  
that you have decided on and mapped out together.*

*It is trusting each other,  
beyond the darkness and shadows.  
It is supporting one another,  
beyond the falls and bruises.  
It is having faith in the total power of God's Love.  
beyond all human love itself.*

*Faithfulness is very often the faithfulness of Jesus  
who was nailed to the cross,  
his body and heart tortured by our lack of faithfulness,  
alone, abandoned, betrayed,  
but who remained faithful to death,  
giving and forgiving,  
offering his life for us  
and saving Love for ever.*
